Time-Torturing Eczema Covered Her Body-Could Not Sleep-Doctor Said Sores Would Last for Years-Skin Now Clear.

CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment of my baby niece. She was suffering om that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything. She cried and scratched all the time and so bad that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid.

want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three menths. Now her skin is as clear and smooth as it could be. I shell clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

Political Cloudburst at Denver

On the final day messages were reported from this and that section, relating to vice-presidential possibilities, but the only one that counted was that from Fairview. It was whispered about that John W. Kern of Indiana was the man. Then came another display of seconding and nominating speeches, including an ovation to Folk, and in due course nailed on the ticket.

In Colorado cloud-bursts are known to occur within a few hours; the clouds just rip open and in the twinkling of an eye the dry creek beds are flooded. The convention was something of a cloudburst order, for the various vice presidential booms appeared to collapse with a mighty quiver when the Kern boom came along, officially sealed and endorsed from Fairview. That was when the band played "On the Banks of the Wabash" in a sort of minor cadence, as the various states affectionately bade their "favorite son' and vice presidential booms adiue and hailed the conquering Hoosier. -Joe Mitchell Chapple in National Magazine for August.
